INTEREST TURNS TO DARDANELLES

British Troops Have Landed at Three Points.

FRENCH HOLD ASIATIC SIDE

Battle in Flanders Seems to Have Come to an End Except for Attacks Which the Allies Are Making to Recover the Rest of the Ground Which They Lost.

London, April 30.—With the battle in Flanders seemingly at an end except for the attacks which the allies are making to recover the rest of the ground which they lost last week the interest of the public has turned to the Dardanelles, where French and British forces have been landed.

The British have landed at three points on the Gallipoli peninsula and have thrown a line across the outer points of the peninsula.

Other British troops are threatening the Bulair line forts and the French are looking after the Turks on the Asiatic side of the straits.

The Turks report that all the landing parties have been repulsed.

Heavy fighting continues in the Carpathians for Uzsok pass and in the direction of Stry, where the Austrians are threatening the Russian communication.

DOUBLES DUTY ON SPIRITS

Bill Meets With Opposition in House of Commons.

London, April 30.—A resolution introduced by David Lloyd-George, the chancellor of the exchequer, doubling the duty on spirits was passed in the house of commons, 89 to 5. The minority was composed of O'Brienites. This was the first division since the outbreak of the war.

The resolution imposing the new tax is only provisional and intended to prevent spirits being taken out of bond in the interim before the bill is finally dealt with.

Provisional resolutions imposing taxes on beer and wine also were passed, the Unionists abstaining from voting and the O'Brienites opposing the beer tax.

The new taxes go into force immediately, but are subject to confirmation by the house when the budget is introduced and the bill passed.

The proposals were strongly opposed and it is generally believed that the new taxes will have to be moderated before parliament will accept them.

TREATMENT OF PRISONERS

Naval Secretary Denies Germans Are Being Abused.

London, April 30.—In view of the widespread belief that German submarine prisoners in Great Britain are being treated with severity Thomas J. McNamara, parliamentary secretary of the admiralty, explained at length in the house of commons that the only difference between their treatment and that accorded other prisoners is that they are kept separated from the other German prisoners of war.

"They are not in solitary confinement and have all the privileges and rations accorded other prisoners," McNamara said.

\$71,458,666 IN WAR RISKS

Federal Insurance Bureau Has Paid \$720,653 in Losses.

Washington, April 30.—War risk insurance amounting to \$71,458,666 on 1,121 policies has been written by the federal war risk insurance bureau since its organization last year and of this amount there is outstanding \$11,307,295.

It was announced that premiums amount to \$1,790,207 and known losses to date, including those paid, aggregate \$720,653.

The bureau learned officially that it stands to lose \$50,000 on the hull of the American steamer Greenbrier, which was sunk in the North sea early in April after a successful trip from Charleston to Bremen with a cargo of cotton.

STRIKE SETTLEMENT FAILS

Proposals Submitted by Arbitration Committee Are Rejected.

Chicago, April 30.—Proposals to settle the differences existing between 16,000 striking union carpenters and 700 contractor employers were submitted to both sides by the joint arbitration committee. An hour later the contractors rejected the proposals and placed the strike back on the basis on which it rested when the arbitration committee first met.

KING OF SWEDEN IS ILL

Recurrence of Stomach Trouble to Gustave Is Reported.

London, April 30.—A dispatch to the Central News from Stockholm says that King Gustave is ill, apparently with a recurrence of the stomach trouble for which he underwent an operation a year ago.

It is stated that the illness is of a somewhat serious character.

King Gustave was operated on early last April for ulceration of the stomach by Professor John Wilhelm Berg the celebrated Swedish surgeon. The operation lasted seventy-five minutes.

LOANED SELVES ONE MILLION, IS CHARGE

True Bills Said to Concern 18,000 Stockholders.

Los Angeles, April 30.—Charged with having illegally loaned them selves \$1,237,000 belonging to 18,000 stockholders scattered throughout the country Charles A. Elder and eight other former officials of the Los Angeles investment company were indicted by the county grand jury. Bail was fixed at \$20,000 for each of them. Sixteen indictments were filed which set forth the additional charge that the accused men had schemed in 1912 to deceive stockholders by the false statement that Andrew Carnegie, Charles M. Schwab, former Senator W. A. Clark of Montana and other millionaires were negotiating to buy lands at a price which would net the investment company a profit of \$18,000,000.

The indictments returned supplement true bills filed against the accused men in October, 1913, by the federal grand jury, which charged them with having conspired to use the mails to defraud. Trials in these cases are set for next month and subpoenas recently were issued summoning forty stockholders from Colorado, New Mexico, Arizona, Iowa, Nebraska and Wisconsin to testify in the United States district court.

NEW HEAD OF RED CROSS

President Appoints Brigadier General Devol General Manager.

Washington, April 30.—President Wilson, as head of the American Red Cross, has appointed Brigadier General Carrol A. Devol of the quarter master's department, U. S. A., general manager of the Red Cross, a newly created position.

***** SAYS HE HAS DRUG CURE FOR EPILEPSY. *****

Aberdeen, S. D., April 30.—At the meeting of the Aberdeen District Medical association here Dr. A. Bell of Selby created something of a sensation by an address on the subject, "What I Know," when he informed physicians present that he had discovered a drug cure for epilepsy, hitherto generally supposed to be incurable. The doctor related at length his experience with the remedy.

THE NEW CITY HALL BLOSSOMS INTO USE

City Clerk's Offices, Water and Light Board Offices Now in New Municipal Structure

FIRST CASE MUNICIPAL COURT

Council Holds Special Meeting in New Council Chambers—Councilmen-Elect Meet

Without ostentatious ceremonies, quietly and in a business-like way, the new city hall was occupied on Thursday, April 29.

The city clerk's department, under the guidance of Anton Mahlum, worked valiantly and was the first to be established in the city hall. This department occupies the southwest corner of the building on the second floor. Next door to the city clerk is the city engineer's office.

The municipal court moved to its new quarters on the second floor. The first case to be tried in the new court room was Ole Lawson vs Frank Veillette. W. H. Crowell was for the plaintiff and M. E. Ryan for the defense. The plaintiff rested his case and the case was dismissed by Judge J. H. Warner. It concerned a horse deal.

The council chambers, light and airy and offering comfortable room to all who may wish to hear the proceedings, were occupied Thursday night by the council in special meeting assembled.

The council went on record, unanimously, and ordered saloon license money to be refunded for the unused term. All were present at the meeting except Aldermen Gallupe and Hess. Mayor Henning was at the meeting, but had no word to say, verbally or by communication.

At the city clerk's offices a few doors away, the councilmen-elect of the city, F. A. Farrar, P. M. Koop, Fremont Turcotte, Clarence H. Smith, N. W. Betzold, C. E. Haake, Andrew

Anderson, Peter Peterson, Iver Benson and M. E. Morrison, Mayor-elect, Dr. R. A. Belse and City Treasurer A. M. Opsahl had a meeting.

At the water and light board offices, situated on the main floor in the southwest corner of the building, Wm. Nelson, secretary, is installing the equipment. The first six people to pay water and light bills in the new offices were Irvin Chrysler, R. H. Warren, the Hotel Amblers, C. D. Peacock, Nels Johnson, J. H. Miller.

The water and light board has the southwest corner of the ground floor for its workshop and additional rooms for storage.

The new city jail is unoccupied at present. Nobody seems to be striving for the distinction of being the first to get a cell.

The fire hall will be occupied as soon as cement work near the entrance has been completed. The fire truck is on hand ready to be run to its new quarters.

\$75,000 bonds were voted to build the city hall, lockup and fire hall. Of this amount about \$4,500 is left in the building fund. The buildings were built by the Hodgins Construction Co. of St. Paul. The architects were Alden & Harris.

A representative of the State Board of Control visited the jail and said it was one of the finest structures in the state. He praised the entire quarters block of buildings and said that citizens got value received for the money invested. Congressman C. A. Lindbergh saw the buildings yesterday and gave them unstinted praise.

Discouraging. "You love me, darling?" he asked. "A little," she replied. "Ah, but do you not think your love will grow?" "Yes, but I'm not sure which way."

GERMAN WARSHIPS SHELLED DUNKIRK

(By United Press)

Paris, April 30.—An official statement by the French war office says that German warships are operating on the Belgian coast and in the assault on Dunkirk nineteen shells were thrown into the city. Twenty were killed and 45 wounded.

It is believed that a demand has already been made upon the British government to send war ships to protect the French coast, most of the French warships being engaged in aiding the British forces in their operations against the Dardanelles. Until today's announcement it was believed that the French coast was safe as no one thought that it was possible for the Germans to take the chance of operating so far from their base of supplies. It is now believed that the German navy has been sent south to cooperate with the German army's new drive against the French coast.

The belief is expressed that the allies squadron has already been dispatched to engage the German warships. An official statement says that the fortifications were not damaged. The Germans are again bombarding Rheims.

LINER OVERDUE EIGHTEEN HOURS

(By United Press)

San Francisco, April 30.—The passenger liner Pennsylvania is eighteen hours overdue, and great anxiety is expressed for her safety. It is feared she might have encountered last night's terrific gale.

WOMEN DENOUNCE SALE MUNITIONS

(By United Press)

The Hague, April 30.—The Women's Congress has denounced the sale of war munitions as the greatest obstacle in the way of peace.

KIPLING QUILTS POLISH GROUP

British Poet Withdraws Patronage From Fund.

London, April 30.—Count Alexandre Benckendorff, the Russian ambassador to Great Britain, Countess Benckendorff and Rudyard Kipling have withdrawn their patronage from the Polish relief fund, which was organized by Ignace Paderewski and Miss Laurence Alma-Tadema, because of statements in an appeal through the press which they regarded as reflecting on the Russian policy and army.

AGAIN DROP BOMBS ON ENGLISH CITIES

Hostile Airmen Succeed in Doing Some Damage.

Ipswich, Eng., April 30.—A hostile air craft—whether a Zeppelin or an aeroplane is not known—raided Ipswich. Several bombs were dropped. An incendiary bomb struck a house, pierced the roof and fell into the bedroom of a little girl. The child was rescued by her father, Harry Goodwin.

The flames spread to two adjoining houses, which were almost destroyed. The aircraft then passed on to Whiston, where it also dropped explosives. So far as known nobody was injured.

London, April 30.—A Central News dispatch says that a Zeppelin was seen at Bury St. Edmunds, Suffolk county, where it dropped bombs and set several buildings on fire.

WILSON TO REVIEW FLEET

Will Inspect Sixty-five War Vessels on May 17.

Washington, April 30.—Sixty-five vessels of the Atlantic fleet will pass in review before President Wilson in New York harbor May 17. Secretary Daniels announced that the battleship Wyoming, flagship of Admiral Fletcher, commander-in-chief, will lead the parade.

The battleships are due to reach New York May 8, while the submarine flotilla and auxiliary division are due the next day. The destroyers will be in the harbor by May 12.

PASS MEASURE OVER VETO

Wisconsin Senate Reads Anti-Tipping Bill.

Madison, Wis., April 30.—The senate voted to override the governor's veto of the Bosshard anti-tipping bill, passing it for a second time by a vote of 20 to 10. It required a two-thirds vote of the members present.

FRENCH CAPTURE NUMBER OF TURKS.

London, April 30.—"It is reported from Mytilene," says the Exchange Telegraph company's Athens correspondent under date of Thursday, "that the French on the Asiatic side of the Dardanelles, where there have been sanguinary battles at various points, have captured 5,000 Turks and continue their advance successfully."

Allis-Chalmers Company Is Accused of Conspiracy.

RESULT OF EUROPEAN WAR

American Having Property Interests in Germany Complains That Milwaukee Firm and Bethlehem Steel Company Have an Illegal Agreement to Manufacture Shrapnel Shells for Foreign Nations.

Milwaukee, April 30.—A complaint was filed under the so called "discovery" statute of Wisconsin to obtain information to determine whether the Allis-Chalmers company, a corporation, Otto Falk, its president, and others have entered into a conspiracy with the Bethlehem Steel company and others to manufacture and ship shrapnel shells to European belligerents.

The action calls for the appearance of Mr. Falk and other defendants before the circuit court commissioner in Milwaukee May 5 for preliminary action before pleading. Mr. Falk is cited to appear and bring with him all letters, contracts, correspondence and agreements between the Allis-Chalmers company and the Bethlehem Steel company.

The complaint was filed by Samuel Pearson, who declares he is a citizen of the United States and that he has valuable property interests located within the boundaries of the German empire and that he is owner of securities issued by the German government.

Pearson alleges the manufacture of shrapnel was engaged in by the defendants only after the war started. Upon the information gained in the examination, it is said, an injunction suit will be based to prevent the defendants from continuing in any such conspiracy as is alleged.

Mention of President Wilson's neutrality proclamation is made and certain federal statutes are cited, violation of which, it is contended, constitute breaches of neutrality and submit the offender to criminal prosecution for "high crimes and misdemeanors."

According to the complaint the duration of the war would be materially shortened and the operations resulting in wholesale bloodshed and taking of life and vast destruction of property would be curtailed if arms and ammunition were withheld by the United States.

LAND RESTORED TO ENTRY

Tracts Near Williston Irrigation Project Can Be Filed on in June.

Williston, N. D., April 30.—Several thousand acres of land which were withdrawn from entry when the Williston irrigation project was planned have just been restored to entry by action of the department of the interior, according to letters received by the officials of the Williston land office.

This land was withdrawn because it would have been included in any extension of the local irrigation project.

It will be subject to filing in the Williston land office on June 5 and thereafter. Entrymen who had filed on portions of it before it was withdrawn, but whose filings were suspended, will have prior rights. "Squatting" rights will not be given recognition.

The land consists largely of "bottom land" along the course of the Missouri and is considered valuable as natural alfalfa land.

THREATEN RAILROAD LINE

Russians Capture Important Point in the Carpathians.

Petrograd, April 30.—The Russian occupation of Loubnia, a small village to the northwest of Uzsok pass, was a decided achievement in the Carpathian campaign, for it seriously endangers the important railroad line between the town of Uzsok and Bereznia.

This railroad has enabled the Austrians to transfer troops almost instantly to any point on this part of the Carpathian front, a section which received the main force of the Russian lunge toward Hungary. But the seizure of Loubnia gives the Russian artillery an opportunity of commanding a part of the line and virtually disqualifies it from further service.

Rev. C. H. S. Koch Returns From
Duluth District Ministerial As-
sociation Meeting

Rev. C. H. S. Koch, returning yester-
day afternoon from attendance on
the annual meeting of the Duluth
District Ministerial Association of
the Methodist church, reports a de-
lightful session.

At the Duluth Commercial club, on
Monday noon, Dr. Oldham of the Mis-
sion board, gave an interesting
speech on progress in the Philip-
pines. "No colonizing nation has
anywhere in the world in a period
of 17 years done such a work as the
United States has done in their is-
lands. Those who are inclined to
look upon America as a money-get-
ting, dollar-loving people, should
take this fact into consideration." Dr.
Oldham does not think however,
that the Philippines are ready for self
government until several generations
have passed through our schools.

The April number of the "World
Outlook" (mentioned some days ago
in the Dispatch, and which can be
secured through the pastor of the
Methodist church, contains an illu-
minating account of the present state
of affairs in the islands. Every pa-
triotic citizen ought to know these
things.

for service next week. They are the
first steel cars bought by this road
and include coaches, sleeping cars and
dining cars. As the cars are put in
use, whole trains will be of steel cars,
and none will be operated with part
steel and part wooden cars. It is
intended eventually to equip the
whole system with the steel cars.

National New Farming Association,
Says Col. Freeman Thorp, Gets
41 Members from Duluth

NEW PRINCIPLE PROMULGATED

Crops Quadrupled on the Demonstration
Farm at Hubert by Col.
Freeman Thorp's Method

Col. Freeman Thorp, general man-
ager of the National New Farming
association, in Brainerd yesterday,
announced that 41 memberships in
the association were received in one
day from the Duluth Board of Trade.
Over 400 have been taken in Chi-
cago.

The new principle the association
promulgates quadrupled crop pro-
duction on their demonstration tract
at Hubert last year without man-
uring. It is purely a volunteer as-
sociation, officers and editors work-
ing without pay.

Practically every prominent busi-
ness and professional man in Brainerd
belongs to the association. A number
of United States senators and
many farmers are already members.

Yesterday John H. Hill, a promi-
nent mining man of the range and one
of the founders of Ironton, sent in
a request for membership. Mr. Hill
is interested in intensive gardening
on his two acre tract near his palatial
home on Serpent lake in Shore Acres.

Iron Mountain Mine Being Sunk to
Greater Depth—Much Road
Work is Being Done

Manganese, Minn., April 29—The
Iron Mountain shaft is to be sunk
to a greater depth and will be con-
tinued until the first level is reach-
ed. Ore taken from the bottom of
the shaft contains a good percentage
of manganiferous ore.

Much road work will be done close
to town this summer. A crew of
men and teams are grading a half
mile between sections 27 and 28.
Another crew is at work between the
Iron Mountain townsite and the Mis-
sissippi river. A new road has been
surveyed from Manganese to the
northeast corner of section 20, town-
ship 47, range 29 and grading of
this road is expected to be done this
summer.

The Seafeld Exploration Co. is
continuing drilling for ore on the
Duluth Land & Timber Co's. land in
section 29.

A crew of men is putting the fin-
ishing touches on the Soo line be-
tween Manganese and Iron Hub.

T. A. Dalton, who has rented part
of Homer Newman's land, close to
the mine, has put up a small build-
ing there and is now moving into it.

Garden spots are materializing all
over town, and giving a touch of
freshness and beauty to Manganese.
Joe Kelly and family of Cuyuna
visited in town Tuesday.

GRAVE LAKE ITEMS

Roy Beck is home now and is feel-
ing fine.

The first baseball game of the sea-
son was played last Sunday at Neu-
tral, the score being 7 and 4 in favor
of the Midland boys. Hurrah! for
Midland.

WOMAN'S REALM

Sewell-Vanderwerker

A very pretty home wedding took place Thursday evening at the home of Mr. and Mrs. J. S. Vanderwerker, 713 North Seventh street, when their daughter, Laura, was given in marriage to Mr. LeRoy Sewell.

Rev. R. E. Cody, pastor of the First Baptist church, used the pleasing ring service in officiating at the wedding. Special friends of the family to the number of about sixty, responded to an invitation and completely filled the rooms of the Vanderwerker home.

At 8:30 o'clock Mrs. R. E. Cody sang a solo, "I Love You Truly," with Mrs. Henry Olson as accompanist. Mrs. Olson played Mendelssohn's wedding march and the bridal party took their places under a canopy, which was daintily decorated in green and white. Miss Ruby Cain acted as bridesmaid and Mr. Fred Sewell, brother of the groom, acted as best man, while little Doris Small took her part very nicely as ring-bearer.

Following the congratulations of many friends, Mr. G. Small sang the solo, "Still Unexpressed." A dainty wedding luncheon was served while a social hour was thoroughly enjoyed. Mr. Sewell is well known in Brainerd, having been in business

here for several years. He is now managing his farm nine miles south of Brainerd. Miss Vanderwerker has lived in Brainerd most of her life and is very popular among her many friends. The couple went immediately to their new home at Mr. Sewell's farm.

Credit Where Due

On Tuesday evening the teachers and officers of the First Baptist church were entertained in the Methodist parlors, supper being furnished by Mrs. Everest's Amoma Philathea class instead of Mrs. A. Angel's Philathea class as was stated in the Dispatch Wednesday evening. Mrs. A. Angel's class being the waitresses.

The account previously published was given the Dispatch by a church worker. The paragraph published above is from the secretary of the Amoma Philathea class.

Surprise Party

Sheriff Claus A. Theorin and wife were pleasantly surprised Tuesday evening on the occasion of Mr. Theorin's birthday. Twenty friends gathered at his home. He was presented with a card table. Cards were played and refreshments served.

They Know It's Safe

Parents who know from experience insist upon Foley's Honey and Tar Compound when buying a medicine for coughs, colds, croup and la grippe. C. T. Luncford, Washington, Ga., writes: "I have used it for six years and it never has failed. I think it is the best remedy made for coughs and colds." H. P. Dunn.—Adv't. mwf

HELPFUL HINTS FOR HOUSEWIVES

Sanitary Garbage Can That Is Hidden From View.

There is a new garbage receptacle that supports the pail on a stand at a point where it cannot be readily reached by roving animals, and in addition to this it guards it from becoming accidentally knocked from its proper place. When the bucket is in its place the outfit is concealed behind a semi-circular shield which closes on a hinge at one side and is supplied with a locking device on the other side. This shield not only protects it from view, but also keeps water from it, which is extremely desirable from a sanitary point of view.

Welcome Information

Most middle aged men and women are glad to learn that Foley Kidney Pills gives relief from languidness, stiff and sore muscles and joints, puffiness under eyes, backache, bladder weakness and rheumatism. They get results. Contain no harmful drugs. H. P. Dunn.—Adv't. mwf

MUSIC AND DRAMA

At the Grand

J. Warren Kerrigan starred in the two-reel Victor western drama, "Smouldering Fires," tonight and Saturday in which a spineless, sissified ne'er-do-well is regenerated by an insult to the girl he has grown to love.

Also, the painless dentist in "The Avenging Dentist" jerks fat dirt from chair with powerful forceps and raises both general and particular Ned with man who would prevent him from wooing his beautiful blonde daughter. Molars and blenaps extracted without instruments in two-reel L-KO farce comedy. Can you miss this. Five reels every night for 5 and 10 cents.

"The Chocolate Soldier"

Unlike many operettas of later-day fame of which the popularity hangs upon a single melody, "The Chocolate Soldier" is given credit with being possessed of an abundance of good things. In addition to the now generally whistled "My Hero" waltz, there is another such movement, "Tiralala," of almost equal

fascination, while the "Letter Song" the swelling finale of the first two acts, the dreamy lilt of the "Falling in Love" duet and the sprightly "Chocolate Soldier" song are each said to be equal to the support of a work less prodigal of good things for the musical epicure. At the Brainerd opera house, Tuesday, May 4.

"Peg O' My Heart"

Oliver Morosco's productions of the J. Hartley Manner's comedy, "Peg O' My Heart" with Peggy O'Neill and the New York-Chicago company fresh from two years at the Cort theatre in New York and seven months at the Garrick theatre in Chicago will be the attraction at the Brainerd opera house Saturday, May 8.

This delightful youth play with its appealing little heroine Peg is a comedy for all ages, clean-cut, wholesome, brimming over with wit and good humor and with plenty of action to keep the interest up to the right pitch. Peg tells a story that never grows old.

W. T. Azbell, ex-postmaster of Edwardsport, Ind., writes: "I suffered from severe trouble with my kidneys and back. First bottle of Foley Pills gave me relief." Thousands testify that backache, rheumatism, sore muscles, aching joints and bladder weakness vanished when Foley Kidney Pills were taken. H. P. Dunn.—Adv't. mwf

WOMAN'S REALM

Sewell-Vanderwerker

A very pretty home wedding took place Thursday evening at the home of Mr. and Mrs. J. S. Vanderwerker, 713 North Seventh street, when their daughter, Laura, was given in marriage to Mr. LeRoy Sewell.

Rev. R. E. Cody, pastor of the First Baptist church, used the pleasing ring service in officiating at the wedding. Special friends of the family to the number of about sixty, responded to an invitation and completely filled the rooms of the Vanderwerker home.

At 8:30 o'clock Mrs. R. E. Cody sang a solo, "I Love You Truly," with Mrs. Henry Olson as accompanist. Mrs. Olson played Mendelssohn's wedding march and the bridal party took their places under a canopy, which was daintily decorated in green and white. Miss Ruby Cain acted as bridesmaid and Mr. Fred Sewell, brother of the groom, acted as best man, while little Doris Small took her part very nicely as ring-bearer.

Following the congratulations of many friends, Mr. G. Small sang the solo, "Still Unexpressed." A dainty wedding luncheon was served while a social hour was thoroughly enjoyed.

THREE REVERSALS
FOR ROOSEVELT

(By United Press)

Syracuse, N. Y., April 30.—Three serious reversals for Roosevelt occurred in Justice Andrews' court when the rulings were made barring testimony, John Hennessy, former Gov. Sulzer prober, tried to tell of graft corruption and investigations of the state government, but was not allowed to answer a single question. The judge held that the testimony was immaterial, and the ruling prevented M. M. Vreeland, former president of the Metropolitan railway, to tell of the bipartisan campaign contributions his corporation had made. The ruling was that the bare fact that the republicans and democrats voted together to defeat Hughes' direct primary bill was not evidence of corruption, and such evidence from the Roosevelt side was prevented. Royal France, a Brooklyn republican, said Barnes told him he could vote for republicans in democratic primaries, and vice versa, and nominate such rotten candidates that it would disgust the voters with the whole proposition. Since Roosevelt concluded his testimony the trial has assumed a very tame aspect.

MANY THOUSANDS
POLAND STARVING

(By United Press)

Berlin, April 30.—Many thousands are starving in Poland, the government being unable to buy sufficient food. Roumania has permitted the purchase of food for non-combatants but Sweden refuses the exportation, even by philanthropic organizations. The American Red Cross and Rockefeller foundations are making every attempt to get food into that country. Carleton Gibson, at the head of the American relief work, has appealed through the United States to send all flour, beans, corn and rye by parcel post addressed to him for distribution for the general international commission for the relief of Poland, to Berlin. If a prompt response is made it may save many lives.

IRISH DELEGATION
BRITISH PARLIAMENT

(By United Press)

Paris, April 30.—A delegation purporting to represent the Ancient Order of Hibernians and the Irish party in the British parliament, called upon President Poincaré, of France, Joseph Devlin read an address stating that Ireland always considered France the greatest Celtic nation. France had given an asylum to exiled chieftains and Ireland was grateful. Since the ancient quarrel with England was settled Ireland had been found fighting with England, fighting always for the liberty and rights of the smaller nations and for universal justice. President Poincaré was deeply touched by the demonstration.

WOMAN'S CONGRESS
IS STILL HOPEFUL

(By United Press)

The Hague, April 30.—The Women's Congress is still hopeful that concrete plans will be devised to end the war. Doctor Augsburg says the congress should negotiate the peace arrangements as it is not believed that Germany will accept any peace mediation from the United States, on account of the sale of munitions of war. The statement was made that the only nation to maintain absolute neutrality was Holland.

GERMAN CRAFT
AIDED BY FOG

(By United Press)

London, April 30.—Dispatches this afternoon report very little damage by last night's raid of Zeppelins over Folkestone, the fortified positions not being molested. A dense fog aided the German air craft.

American-Serbian Against Women's Congress

Mme. Slavko Grouitch

Mme Slavko Grouitch, the American wife of the permanent under-secretary for foreign affairs of Serbia, who has been in the United States for some time to raise funds

in behalf of the Serbian Agricultural Relief Committee of America to fight the plague in her adopted country. Is bitterly opposed to the Women's International Peace Congress now being held at The Hague.

PROGRESSIVES TO
OPPOSE MR. ROOT

Regret What They Call Reactionary Republican Tendency.

LA FOLLETTE LEADS FACTION

Roosevelt's Action in Entering Last Race Ruined Wisconsin Man's Hopes. Stands Almost Alone Now and Has Few Supporters Who Would Desert Party to Support His Ideas.

By ARTHUR W. DUNN.

Washington, April 30.—[Special.]—"I don't like it, not a bit of it. This reaction is the worst tendency I have seen in politics."

The remark was made by one of the earliest of progressives who remained in the Republican party after Roosevelt had left it. He was talking about the tendency of the times in Republican politics, the desire to nominate Senator Root, the acceptance of Weeks and the belief which was gaining ground that almost any Republican could be elected.

"In this they are mistaken," he asserted. "The progressive element in the Republican party is not dead. The present movement is one on the part of the old stand pat element to take control. But it won't work out that way."

La Follette the Leader.

Beyond question, Senator La Follette of Wisconsin is the leader of the progressives—at least, he was the leader. Starting in alone and unaided, he soon had a dozen other Republican senators working with and under him. He was their candidate for president, too, so far as they had a candidate. That was until the colonel's hat was "tossed in the ring." Then La Follette had only a small following. Cummins a still smaller, in the presidential race. And more than that, La Follette would not allow his followers to work with the Roosevelt men at Chicago to control the convention because he knew that such control meant Roosevelt success and La Follette in eclipse.

Almost Alone Now.

The situation has greatly changed. Instead of having a round dozen of supporters La Follette has only two, Norris and Kenyon, and he did not have them all the time when the last test was on—the fight over the ship purchase bill. La Follette worked with the Democrats, was absolutely independent of the Republican side and has shown his contempt for those who have gone back into the fold or amalgamated with the old stand pat element in the party. La Follette is one of those who is not satisfied with the trend in Republican politics. Quite a number of progressive Republicans believe with him.

"Manifest Destiny."

Ever since the people of this country learned what a real fertile and productive

five country lay in the far northwest they have openly or secretly cursed the stupidity of those who allowed the Englishmen to negotiate treaties which gave the major portion of the North American continent to Great Britain. And some have a secret feeling that we would like to get it all. That was what Admiral Peary meant when he made his recent statement. It was something like that which caused President Taft to give utterance to similar thoughts which defeated his pet Canadian reciprocity scheme. It was the same idea which caused Champ Clark to say that manifest destiny decreed that the American flag should float over every foot of territory to the frozen ocean—which speech, incidentally, put a spike in his presidential prospects.

But in these days when we are trying to maintain strict neutrality such utterances are considered indiscreet. If made by an officer of the government, and a rear admiral on the retired list is such an officer, they will be followed by a "call down," official or otherwise.

Willis Moore in Congress?

"You can't keep a good man down," is an old saw and seems to be on the point of verification in the case of Willis L. Moore, who made himself famous as chief of the weather bureau. He was rather unceremoniously booted out of that place. He retired to a farm in Maryland, where he has sold little and raised farm products. But now it appears that he may come back to Washington as a congressman. He would have an opportunity to get back at some of the members who have been quite free in their criticisms of him in days gone by.

"Man on the Box."

When a man has held down a position for thirty-six years he may be said to be a fixture. In one of the departments at Washington is a man who has been on the roll for that length of time, and most of the time he has sat on the box of the coach of a cabinet officer. He has driven the cabinet officers to the cabinet meetings, to various other places where they go, and he has driven the wives of cabinet officers to receptions time after time. All these years he has been the man on the box and of not much consequence in the governmental machinery. And yet his constancy needs a passing mention. Mighty few men in this country have been the man on the box for that length of time.

Shelling German Positions.

London, April 30.—French and Belgian artillery is battering away at the German bridgehead at Steenstraete, but there is no claim of substantial gains by either side. At the same time the British show no disposition to abandon their attempts to force the Germans to yield the ground gained by them up to the present time. There is no confirmation of the rumor current that they have recaptured St. Julien.

THREE REVERSALS FOR ROOSEVELT

(By United Press)

Syracuse, N. Y., April 30.—Three serious reversals for Roosevelt occurred in Justice Andrews' court when the rulings were made barring testimony. John Hennessy, former Gov. Sulzer prober, tried to tell of graft corruption and investigations of the state government, but was not allowed to answer a single question. The judge held that the testimony was immaterial, and the ruling prevented M. M. Vreeland, former president of the Metropolitan railway, to tell of the bipartisan campaign contributions his corporation had made. The ruling was that the bare fact that the republicans and democrats voted together to defeat Hughes' direct primary bill was not evidence of corruption, and such evidence from the Roosevelt side was prevented. Royal France, a Brooklyn republican, said Barnes told him he could vote for republicans in democratic primaries, and vice versa, and nominate such rotten candidates that it would disgust the voters with the whole proposition. Since Roosevelt concluded his testimony the trial has assumed a very tame aspect.

MANY THOUSANDS POLAND STARVING

(By United Press)

Berlin, April 30.—Many thousands are starving in Poland, the government being unable to buy sufficient food. Roumania has permitted the purchase of food for non-combatants but Sweden refuses the exportation, even by philanthropic organizations. The American Red Cross and Rockefeller foundations are making every attempt to get food into that country. Carleton Gibson, at the head of the American relief work, has appealed through the United States to send all flour, beans, corn and rye by parcel post addressed to him for distribution for the general international commission for the relief of Poland, to Berlin. If a prompt response is made it may save many lives.

IRISH DELEGATION BRITISH PARLIAMENT

(By United Press)

Paris, April 30.—A delegation purporting to represent the Ancient Order of Hibernians and the Irish party in the British parliament, called upon President Poincare, of France. Joseph Develin read an address stating that Ireland always considered France the greatest Celtic nation. France had given an asylum to exiled chieftains and Ireland was grateful. Since the ancient quarrel with England was settled Ireland had been found fighting with England, fighting always for the liberty and rights of the smaller nations and for universal justice. President Poincare was deeply touched by the demonstration.

WOMAN'S CONGRESS IS STILL HOPEFUL

(By United Press)

The Hague, April 30.—The Women's Congress is still hopeful that concrete plans will be devised to end the war. Doctor Augsburg says the congress should negotiate the peace arrangements as it is not believed that Germany will accept any peace mediation from the United States, on account of the sale of munitions of war. The statement was made that the only nation to maintain absolute neutrality was Holland.

GERMAN CRAFT AIDED BY FOG

(By United Press)

London, April 30.—Dispatches this afternoon report very little damage by last night's raid of Zeppelins over Felixtowne, the fortified positions not being molested. A dense fog aided the German air craft.

American-Serbian Against Women's Congress

Mme. Slavko Grouitch

Mme Slavko Grouitch, the American wife of the permanent under-secretary for foreign affairs of Serbia, who has been in the United States for some time to raise funds

in behalf of the Serbian Agricultural Relief Committee of America to fight the plague in her adopted country, is bitterly opposed to the Women's International Peace Congress now being held at The Hague.

PROGRESSIVES TO OPPOSE MR. ROOT

Regret What They Call Reactionary Republican Tendency.

LA FOLLETTE LEADS FACTION

Roosevelt's Action in Entering Last Race Ruined Wisconsin Man's Hopes. Stands Almost Alone Now and Has Few Supporters Who Would Desert Party to Support His Ideas.

By ARTHUR W. DUNN.

Washington, April 30.—[Special.]—"I don't like it, not a bit of it. This reaction is the worst tendency I have seen in politics."

The remark was made by one of the earliest of progressives who remained in the Republican party after Roosevelt had left it. He was talking about the tendency of the times in Republican politics, the desire to nominate Senator Root, the acceptance of Weeks and the belief which was gaining ground that almost any Republican could be elected.

"In this they are mistaken," he asserted. "The progressive element in the Republican party is not dead. The present movement is one on the part of the old stand pat element to take control. But it won't work out that way."

La Follette the Leader.

Beyond question, Senator La Follette of Wisconsin is the leader of the progressives—at least, he was the leader. Starting in alone and unaided, he soon had a dozen other Republican senators working with and under him. He was their candidate for president, too, so far as they had a candidate. That was until the colonel's hat was "tossed in the ring." Then La Follette had only a small following. Cumulus a still smaller, in the presidential race. And more than that, La Follette would not allow his followers to work with the Roosevelt men at Chicago to control the convention because he knew that such control meant Roosevelt success and La Follette in eclipse.

Almost Alone Now.

The situation has greatly changed. Instead of having a round dozen of supporters La Follette has only two, Norris and Kenyon, and he did not have them all the time when the last test was on—the fight over the ship purchase bill. La Follette worked with the Democrats, was absolutely independent of the Republican side and has shown his contempt for those who have gone back into the fold or amalgamated with the old stand pat element in the party. La Follette is one of those who is not satisfied with the trend in Republican politics. Quite a number of progressive Republicans believe with him.

"Manifest Destiny."

Ever since the people of this country learned what a real fertile and pro-

ductive country lay in the far northwest they have openly or secretly cursed the stupidity of those who allowed the Englishmen to negotiate treaties which gave the major portion of the North American continent to Great Britain. And some have a secret feeling that we would like to get it all. That was what Admiral Peary meant when he made his recent statement. It was something like that which caused President Taft to give utterance to similar thoughts which defeated his pet Canadian reciprocity scheme. It was the same idea which caused Champ Clark to say that manifest destiny decreed that the American flag should float over every foot of territory to the frozen ocean—which speech, incidentally, put a spike in his presidential prospects.

But in these days when we are trying to maintain strict neutrality such utterances are considered indiscreet. If made by an officer of the government, and a rear admiral on the retired list is such an officer, they will be followed by a "call down," official or otherwise.

Willis Moore in Congress?

"You can't keep a good man down," is an old saw and seems to be on the point of verification in the case of Willis L. Moore, who made himself famous as chief of the weather bureau. He was rather unceremoniously hoisted out of that place. He retired to a farm in Maryland, where he has sold little and raised farm products. But now it appears that he may come back to Washington as a congressman. He would have an opportunity to get back at some of the members who have been quite free in their criticisms of him in days gone by.

"Man on the Box."

When a man has held down a position for thirty-six years he may be said to be a fixture. In one of the departments at Washington is a man who has been on the roll for that length of time, and most of the time he has sat on the box of the coach of a cabinet officer. He has driven the cabinet officers to the cabinet meetings, to various other places where they go, and he has driven the wives of cabinet officers to receptions time after time. All these years he has been the man on the box and of not much consequence in the governmental machinery. And yet his constancy needs a passing mention. Mighty few men in this country have been the man on the box for that length of time.

"The Good Clothes Store"

by Hodgin Construction Co. This column will be made into an ornament, serving as a pedestal on which an urn filled with flowers will probably be placed. The column will be set in cement at a point in the lawn between the city hall and fire hall.

Steam roller, cement mixers, street sweepers, all painted and repaired in first class shape to start work with this spring.

Enough gravel on hand and paid for to put in eight blocks of concrete paving.

"We will admit," said Alderman D. A. Peterson, "that we have spent the money. But we can show where every cent has gone and we have the improvements to show for it."

"There is to be collected about \$1200 to \$1500 on wheelage tax and \$400 to \$500 on dog taxes.

"How about the gas? That's another thing the council got for Brainerd.

"And another thing to be remembered. This council has had an engineer, C. D. Peacock, who understands his business, and is honest in all his dealings and work."

Drilling started on the Holland lands bequeathed to the city of Brainerd by the late Judge G. W. Holland. This was agitated and made a possibility by the council.

Four lots bought and paid for, for the new city hall, city lockup and fire hall.

Concrete street paving authorized and now on tax rolls: Third street North, 4 blocks. Eighth street North, 5 blocks. Seventh street north, 4 blocks.

Repaving Laurel two blocks from Fifth to Seventh streets. Repaving Sixth from Laurel to Front streets, one block.

Paving on Juniper street two blocks between Third and Fifth streets.

Paving on Ivy street two blocks between Third and Fifth streets.

Paving on Holly street two blocks between Third and Fifth streets.

Paving on Grove street two blocks between Third and Fifth streets.

Total of 24 blocks that are on tax

rolls and taxes being paid. Will be paved with concrete.

Oil sprinkler provided, home made affair, ready for use.

Contract for construction of new city hall, lockup and fire hall let for \$7,000 below the next lowest responsible bidder.

Saloon licenses raised from \$500 to \$1,000.

45 special meetings held in the last two years and safe to say these averaged up to 12 o'clock midnight and added to the 48 regular meetings, this council has had a total of 93 meetings.

"John A. Hoffbauer, reporter of the Dispatch, has been on the job at all times and right here I wish to say he has always tried to give the people of our city all the news at all times, and I want this appreciation of him published."

DIES SUDDENLY WHILE AT WORK

W. E. Snell, aged 60, of 520 north Ninth street, died suddenly of apoplexy at 6 o'clock last evening while unloading lumber in the rear of the Sherlund Co. garage. His son had been helping him most of the afternoon, and gave way to another man. The latter said Mr. Snell stumbled while unloading plank, fell over backwards, stiffened out and relaxed and died. He never spoke a word. Mr. Snell was in the draying business, an old resident of the city, respected by all who knew him. He leaves a widow and eight children. He held membership in the Odd Fellows and Yeomen lodges. Dr. R. A. Belie pronounced death due to apoplexy.

PLOT TO ROB JEWELER

Lep. Metzger, the Minneapolis Jeweler Mentioned, was an Early Day Resident of Brainerd

Minneapolis, April 30—A carefully laid plot by a lone woman to lure Leopold Metzger, manager of a prominent jewelry company, to a vacant house carrying with him jewels valued at \$2,000 and then overpower and drug him, stealing the gems was frustrated tonight when Metzger had a detective accompany him. The woman, who was arrested, and found to be armed and carrying drugs called up the jewelry company shortly before 6 o'clock saying that she was to be taken to the hospital the next day that that her daughter was to be married in the morning. It was asked that a selection of necklaces, diamonds and other jewels be brought to the residence.

The Day Not Set.

Ethel—Oh, I am so happy! George and I have made up.
Lena—And what day have you fixed upon for your marriage?
Ethel—Oh, we haven't quarreled over that yet!—Judge.

DOUBLE SERVICE

AUTOMOBILE TIRES

Guaranteed 7000 Miles Service

ABSOLUTELY PUNCTUREPROOF

Double Service Tires are double the thickness of the best standard make tires.

This 100 per cent greater wearing surface naturally gives that much more mileage and service. The average of 12 miles of tough fabric and one inch surface thread rubber makes these tires absolutely punctureproof.

These tires excel all others for use in the country over rough and rugged roads as well as on hard pavements. They are as easy riding and resilient as any other pneumatic tire—no air space and pressure being the same.

They are the most economical and "care free" tires made and are used where tires must be depended on and tire troubles cannot be tolerated. Many Double Service style tires are in use in the United States government and European War service.

Our output is limited to a certain amount, but for a short time we offer the following reduced special prices as an Introductory Offer:

| | Tires | Extra Heavy Tubes |
|----------|---------|-------------------|
| 28x3 | \$ 7.25 | \$2.20 |
| 30x3 | 8.50 | 2.30 |
| 32x3 1/2 | 10.00 | 2.50 |
| 34x3 1/2 | 11.40 | 2.75 |
| 36x3 1/2 | 12.75 | 3.00 |
| 38x3 1/2 | 13.90 | 3.25 |
| 40x3 1/2 | 15.00 | 3.50 |
| 42x3 1/2 | 16.25 | 3.75 |
| 44x3 1/2 | 17.50 | 4.00 |
| 46x3 1/2 | 18.75 | 4.25 |
| 48x3 1/2 | 20.00 | 4.50 |
| 50x3 1/2 | 21.25 | 4.75 |
| 52x3 1/2 | 22.50 | 5.00 |
| 54x3 1/2 | 23.75 | 5.25 |

| 58x3 1/2 | 26.25 | 5.75 |
| 60x3 1/2 | 27.50 | 6.00 |

All other sizes not included in above list also furnished. Non-skids at 10 per cent additional, with order at above special prices, a 10 per cent discount allowed on orders for two or more tires. All personal checks must be certified. Try these tires and be convinced of their very high qualities. Sold direct to the consumer only. DOUBLE SERVICE TIRE & RUBBER CO., AKRON, OHIO.

W. E. Snell, aged 60, of 520 north Ninth street, died suddenly of apoplexy at 6 o'clock last evening while unloading lumber in the rear of the Sherlund Co. garage. His son had been helping him most of the afternoon, and gave way to another man. The latter said Mr. Snell stumbled while unloading plank, fell over backwards, stiffened out and relaxed and died. He never spoke a word. Mr. Snell was in the draying business, an old resident of the city, respected by all who knew him. He leaves a widow and eight children. He held membership in the Odd Fellow and Yeomen lodges. Dr. R. A. Beise pronounced death due to apoplexy.

PLOT TO ROB JEWELER

Lep. Metzger, the Minneapolis Jeweler Mentioned, was an Early Day Resident of Brainerd

Minneapolis, April 30—A carefully laid plot by a lone woman to lure Leopold Metzger, manager of a prominent jewelry company, to a vacant house carrying with him jewels valued at \$2,000 and then overpower and drug him, stealing the gems was frustrated tonight when Metzger had a detective accompany him. The woman, who was arrested, and found to be armed and carrying drugs called up the jewelry company shortly before 6 o'clock saying that she was to be taken to the hospital the next day that that her daughter was to be married in the morning. It was asked that a selection of necklaces, diamonds and other jewels be brought to the residence.

The Day Not Set.

Ethel—Oh, I am so happy! George and I have made up.

Lena—And what day have you fixed upon for your marriage?

Ethel—Oh, we haven't quarreled over that yet!—Judge.

DOUBLE SERVICE AUTOMOBILE TIRES

Guaranteed 7000 Miles Service

ABSOLUTELY PUNCTUREPROOF

Double Service Tires are double the thickness of the best standard make tires.

This 100 per cent greater wearing surface naturally gives that much more mileage and service. The average of 12 miles of tough fabric and one inch surface thread rubber makes these tires absolutely punctureproof.

These tires excel all others for use in the country over rough and rugged roads as well as on hard pavements. They are as easy riding and resilient as any other pneumatic tire—the air space and pressure being the same.

They are the most economical and "care free" tires made and are used where tires must be depended on and tire trouble cannot be tolerated. Many Double Service style tires are in use in the United States government and European War service.

Our output is limited to a certain amount, but for a short time we offer the following reduced special prices as an Introductory Offer:
